How to play

Each puzzle takes one story, psalm or passage from the Bible. At the top of the page you will find a short verse from the King James Version, with its reference so you can look it up and read more. The words to find come from that passage or the story around it.

Start with the easy puzzles

The first 20 puzzles are **easy**: a 10 × 10 grid with extra-big letters and 8 short words. Every word reads **left to right** or **top to bottom**. No slants, nothing backwards. A gentle start, and good for memory care.

Then the classic puzzles

The 60 classic puzzles use a 15 × 15 grid with 14 words. Most read left to right or top to bottom. Some run on a slant, and a few are hidden backwards. Every word is hidden exactly one time.

Names and two-word answers

Names are spelled as they appear in the King James Version, such as **Elisabeth**, **Phebe** and **Saviour**. Answers with two or more words, like **Burning Bush**, are written in the grid with no spaces: BURNINGBUSH.

Stuck? Printing?

Look for an unusual letter first, such as Z, Q, J or K. The answer key at the back shows every word highlighted, 4 puzzles per page. Print at 100% (actual size), one side only. Print one puzzle or the whole book, as many times as you like for your own use, your family or your small group.
